

# SEBASTIAN ALVARADO

## PROFESSIONAL SUMMARY

I'm a reliable worker with strong communication, time management, and computer skills, currently serving in the Ohio National Guard. As a detail-oriented individual, I'm eager to transition into Software Development, leveraging my analytical and problem-solving skills. Proficient in Java, HTML, CSS, and JavaScript, including hands-on experience with React, Tailwind, and SQL, I am confident in my ability to contribute effectively to your team.

## PROJECTS

### TOOLHUB

ToolHub, a web platform, enables local tool lending and sharing through group creation, tool posting, and private communication. Technologies include Java, Spring Boot (h2 database), React, and Tailwind for the front end. View git [here](#).

### Jac-Enterprises Air force

This kid-friendly app, designed with children in mind, utilizes the NASA API for daily pictures. It offers H2 database storage, 5-star ratings, and engaging random daily facts. Developed with Java, Spring Boot (H2), and react to ensure a user-friendly experience for kids. View git [here](#).

## EXPERIENCE

### Customer Service Representative

June 2022 - September 2023 | Wasserstrom, COLUMBUS, OH

- Collaborated with sales, warehouse, and shipping teams to streamline communication. and enhance overall operational efficiency by 30%.
- Trained and capacitated more than 8 new Customer Service Representatives and given them tools to utilize during their training phase.
